President's Message

What is Space?

The astronauts and scientists have technical definitions, but I like the answer given by a schoolboy. "Space," he said, "is 'room to grow.'"

The Space Age will present opportunities and challenges for every young person in college today. And it will present problems, too, as every age does. Education itself is being criticized because we lag in the space race. But this only proves that we have ample "room to grow" and that challenges are always present. We will continue to turn out successful graduates, many of whom are now working directly in the field of space age projects on rockets and missiles and in the engineering of tomorrow's successes.

We at Cal Poly know that resolution and determination can solve any problem — whether it's one of the Space Age or of textbooks. Remember the admonition of Cassius in "Julius Caesar" when Brutus complained that Fate was in the way of mankind: "The fault lies not in our stars," he said, "but in ourselves."

So it is with today's problems. The future is not in the stars but in ourselves. Cal Poly has "room to grow," and its destiny will be determined by the accomplishments of its students.

Hmeida Abusheifa, senior Fruit Production major from Sokna, Libya and Ingvar Hallsteinsson, freshman Printing major from Iceland take time out for a break with Sherrie Keller, El Rodeo staff member. Both Abusheifa and Hallstiensson plan to return to their homeland to work in their respective fields after completing their education. Meanwhile, they keep busy in student affairs by being members of Cal Poly's International Relations Club.

Madan Sharma, senior Electrical Engineering major and Trilok Chandra Bhojack, Electronics major from India discuss plans to return to their homeland.

David Wang, originally from Shanghai, China, and now a senior at Cal Poly won the Louie Gan Lee perpetual trophy as first place winner in the West Coast Chinese Students Intercollege Organization annual oratorical contest in 1959 competing against schools such as UCLA and USC. Dave aspires to go into the diplomatic service.

Gurcharan Singh Bevli, senior Mechanical Engineering major, comes to Cal Poly from Ambala Cantt (Punjab), India. Bevli, president of the Visiting International Students Activities Club, sponsored by Rotary, hopes to obtain his masters degree and return to his country where he will become an engineer for his government.

Count Filippo Antonio Gregorio Giannveri-Savelli of Rome is quite an active member of the Cal Poly student body. A Soil Science major, Filippo participates as treasurer of the International Relations Club. He is also a member of VISA and an avid participant in gymnastics.

Lovely Winnie Jeong of Formosa is shown in the traditional Chinese dress of her country. A senior, she is one of five girls representing China at Cal Poly this year.

The Latin American countries may well be proud of their representation at Cal Poly. Standing left to right: Brunner L. Jorge, Mexico; Juan Cubillos, Los Banos; Efrain Lopez, Peru; German Nef, Chile; Andres Meyer, Mexico; and Carlos Puleston, Argentina. Seated are: Hernan Elias, Peru and Carlos Nunez, Chile.

Abul Gasim Mohamed Soliman, a government official working with the Forests Department, Ministry of Agriculture, Khartoum, as Information and Publicity Officer, comes from the Republic of Sudan. Majoring in Agricultural Journalism, he comes to Poly through the auspices of an International Cooperation Administration.

Enjoying the company of Renee Bourene, Marseille, France are Carlos Puleston of Buenos Aires, Argentina and Frank Dea of Hong Kong, China.

Luz Bustos, well known Cal Poly coed, is shown in the semi-formal dress of her homeland, the Philippines. A senior Social Science major, Luz is no stranger to school affairs as she is a member of VISA, Internations Relations Club, College Union Social Committee, and the Women's Glee Club. Luz also serves as chairman of the senior class plot committee and co-chairman of the junior-senior dance.

Hernan Elias of Lima, Peru escorts Wang Pay Ling, left, and Angelina Chan, right, both of China.

Making their temporary home in San Luis Obispo are Shadrach and Pauline Donker of Mpraeso, Ghana, West Africa. He is a Crops major at Cal Poly while his wife is attending classes at the high school. They are pictured in native costume as well as the more usual western attire.

ED McGREW
Student Body President

In this early phase of the space age it is sometimes hard to realize what is ahead of us. But we, here at Cal Poly, while charting different courses, are working for one common destination—success. We are receiving a solid education and training needed to meet our goal. In addition, we are having the opportunity for valuable experience in human relations and self government. The skills and knowledge we acquire through our curricular and co-curricular activities will insure our arrival at our destination — success.

Congratulations on your successes here. Continue them into the future.

Poly Royal

Education - Experience - Opportunity

Cal Poly's 28th annual Poly Royal pointed with pride to advantages offered its students: Education - Experience - Opportunity.

Department exhibits this year included a life-size replica of the Explorer VI Paddlewheel satellite, a virtual "science fair" among the science departments, and student-raised livestock.

Poly Royal took on a new look when Friday night's carnival was held in the parking lot east of the Power Plant. The Coronation Ball moved into the new Men's Gymnasium for what will undoubtedly be a long stay.

College Union

Cal Poly's social life got off to a fast start with Welcome Week activities and closed with graduation traditions. In between were a wide variety of events to distract students from the task of studying. There were record dances, the always popular Collegian dances, the Christmas formal, and the senior ball. To increase enjoyment, dancing classes were sponsored by College Union. Special programs for the year included the Stan Kenton group, the Bud Taylor Quintet, and the Gateway Singers. Cal Poly students enjoyed the Halloween Hayride, the outing to Hearst Castle, and the Friday night movies. For College Union board, this year will be marked as the one in which the College Union emblem was designed. This was the year that the Bridge Club, Iranian Students' Assn., and Cardinal Key were formed and Camera Guild reorganized.

As the year closes, the outlook for Cal Poly's social life is bright. President McPhee announced plans for a college social center to be built within three years.

Let's hear those bongos, man.

Cake, anyone?

Swing, cats, swing.

If only teachers could get this kind of attention.

Swing your partners!

There goes one—right over the net!

Who's going to win that game? Sorry, Fresno is.

You say it 'does run?

Let's see now . . .

Just like class, only outside.

Poly's own band at a football game. How could we lose?

Fall leadership confab—see any promising leaders?

What's everybody standing in

A multi-filtered pipe — strenuous, but no nicotine.

Who me? Dealing from the bottom of the deck?

Hey, let's see how many candles!

That man is

line for? Hey! Quit crowding!

Poly's buxom beauties.

Freshmen frolics.

Gosh! I won!

really thirstyl

Step lively now, step lively!

May the best man win.

Hey, fellas! Slow down or I'll never catch up!

Ballet? . . . at the bowling alley?

"Ah-one and ah-two and ah . . ."

"What's up, doc?"

Beach buggy, ala carte.

"Crazy!"

An evening with musical magicians.

"We chew Dentyne."

These youngsters! Can't take anything seriously!

"I forgot the words!"

Everybody say "cheese."

Drama

"I give you beauty and love and ecstasy."

"You can tell your mother that your brother, Joe, died bravely in battle."

Br-r! Now I know why they call it cold cream!

Behind every show are the technicians.

"Yes, I killed him. He deserved to die. Now I'm ready to die, too."

This has been the biggest year for dramatics activities at Cal Poly since theater was introduced to the school. Three plays were produced in two quarters. In addition, Poly Players sponsored a college dance and many of the veteran actors and producers formed a chapter of the National Dramatics Fraternity, Alpha Psi Omega.

In preparation for the Little Theater Building, which is presently under construction on campus, Poly Players and the College Union Drama Committee have begun to introduce to the students, faculty, and townspeople a good cross section of the theater.

The audiences responded with better turnouts than ever before. The fall production of William Inge's "Picnic" brought an audience of capacity for the Air Conditioning Auditorium, much to the joy of the players. During the Winter Quarter the Players presented a one act play at college hour, "The Valiant," which in addition played to various high schools in the area. A few weeks later came two performances of "Death Takes a Holiday."

A real gone gangster.

Why aren't class lectures as much fun as this?

It may be the fifteenth try, but I'm determined to hit that note!

The Beatnik version of Cinderella and her stepsisters.

The close of an Arab Club meeting.

Did I hear someone call me?

JIM CAMPBELL
Council President

For our internationally famous agricultural division, this has been another fast-moving, and eventful year — a year of accomplishment and proud achievements. The live stock, milk products, flower, and dairy judging teams all competed on a national level, traditionally capturing a large number of coveted trophies, ribbons, and honors for the college.

The Los Lecheros Club honored two more prominent figures of the dairy industry at their annual awards banquet at the Vets Memorial; the inspirations and encouragement for better scholarship received that night cannot be easily forgotten.

An overwhelming triumph of the rodeo team climaxed the Poly Royal festivities for the division — most of the prizes and trophies were acquired by the team amid dust and glory.

Perhaps the most memorable and significant event of the year is the presentation of a picnic area to the school. Under the supervision of the Agricultural Council, and through the united efforts of the spirited Aggies, a scenic site on campus was chosen and cleared, tables and benches were erected, and a barbecue pit was built — another example of the many contributions made by the division to the student body.

With these brief words to prompt your memory, we invite you to turn the page and . . . reminisce . . .

Arts & Sciences

DIANE NICHOLSON
Council Chairman

After two long years of anticipation and struggle, a decal for the Arts and Sciences division has finally become a reality. It isn't that a decal means so much, but it's the spirit of the division as a whole to want recognition and an equal place among the ranks of the other long-established divisions.

Club activities were numerous and varied, as the following pages will show. The drama productions, "Picnic," "Death Takes a Holiday," and "The Valiant" were successful in spite of the present make-shift stage and props.

Scabbard and Blade sponsored their traditional Military Blade which has become known as the social event of the winter quarter.

The Arts and Sciences division's most popular claim to fame is its female population. Thanks to Elementary Education and Home Economics in particular, most of Cal Poly's coeds are enrolled in Arts and Sciences.

The "Home-Ec House" brought the girls a step further in their fulfillment of the "learn by doing" motto. Four girls were selected to live in a modern house, putting into practice the principles of home management.

This year will be marked as a year of advancement for the Arts and Sciences division: this is the year the division outgrew the Agriculture division.

Tri Beta's float won the sweepstakes prize at Homecoming this year, an unprecedented triumph for the Arts and Sciences division.

Along with the gaiety and excitement, there is a note of sadness which many of us will long remember — the English Major was dissolved. The reasons officially given are vague, "but ours is not to reason why?" . . . The English department will devote all of its time to teaching effective communication. Although no new English Majors will be admitted, those presently enrolled will be given adequate time to complete their curriculum.

However, our chins are up and hopes for the future are high . . .

Although the memorable events for the engineering division during the school year 1959-1960 are of traditional nature, they nevertheless acquire new significance.

The National Engineer's Week in the Winter quarter was one of the major highlights. Mrs. Rita Olsen, wife of M. E. senior Ken Olsen, was selected to officiate at the week's functions as "Mrs. Engineering Week." The main events of the week were a banquet and a lecture. The banquet was enjoyed by eighty faculty members and student department club officers. The challenging lecture given by Mr. Frank McCulloch, Western Editor of TIME, Inc., was open to all students. His topic, "The Continental Tilt," brought out the problems that face our growing state and particularly our educational system. Polygon, a magazine descriptive of the engineering departments at Cal Poly, was published and distributed to prospective students in high schools and junior colleges throughout the state.

A "first" was achieved this year when the Engineering Council again sponsored the Poly Royal Coronation Ball — for the first time, this formal dance was held in our new Men's Gym. The largest dance of the year was attended by over two thousand students, alumni, and guests . . . the memory of which will linger on . . . and . . . on . . .

Dedicated to promoting the spiritual life among Cal Poly students, the campus religious organizations provide recreational activities as well as encourage attendance at church services. These clubs sponsor non-credit courses in religious and social problems to provide answers for common questions. To aid in individual problems, students are given the opportunity to receive counseling from the minister of their choice.

Religion in Life Week is the principal cooperative effort of these clubs. Speakers, representing the various faiths, take part in assemblies, conduct seminars and dorm bull sessions. Most popular seminars this year were on marriage problems and pre-marital sexual relations.

Shattering many Mustang records throughout the season, the Cal Poly gridmen rolled to a 6 win - 3 loss record under the tutoring of mentor Roy B. Hughes.

San Diego University was the first Mustang victim of the season, followed by San Diego State, Eastern New Mexico, Long Beach State, Lewis and Clark, and the University of California at Santa Barbara.

Montana State, Fresno, and Los Angeles State inflicted Poly's only losses. LA won 29-28 in a Rose Bowl thriller in which the winning touchdown was scored in the waning moments of the game.

Many new Mustang records were established during the 1959 season. Tom Klosterman had 77 completed passes for 129 attempts, both records for passes attempted and completed for one season. Carl Bowser totalled 205 yards in 12 carries for the new one-game individual rushing yardage record.

Curt Hill caught 48 passes for a new reception record for Cal Poly ends. Willis Hill converted six times during the Santa Barbara contest to establish a place kicking record.

Throughout the season, the Mustangs showed their fine competitive spirit and with many returning letermen, the 1960 squad should be even more exciting.

Cal Poly's 1959 freshman football squad, although playing only four games, compiled an outstanding record with four victories and no defeats.

Paced by the quarterbacking of Ken Lott and Dick McBride, and the outstanding line play of Al Marinai and Roy Scialabba, the Colts sailed to smashing victories over Fresno State, Taft Junior College, San Jose State, and Cabrillo College.

Most notable in the triumphant season was the drubbing of rival Fresno. While rolling up 466 yards and holding the Bullypups to only 14, the Colts won easily 51-0.

Other seasonal game scores were 28-6 over Taft, 45-7 over San Jose, and 20-18 over Cabrillo. Santa Barbara forfeited their scheduled game to the Colts.

Raul Castill carries the pigskin for the Colts as they roll to an undefeated season.

1960 Golf team: Coach Hanks, Jon Patterson, Dave Reed, Buddy Joe Petty.

Cal Poly's Golf Team will participate in five triangular CCAA conference matches and three tournaments this spring. The tournaments are the Northern California Intercollegiate at Santa Cruz, the Southern California Intercollegiate at Indian Wells and the CCAA Medal Tournament at Fresno.

Team Captain, Dick Callin, is the only returning letterman from last year's team, which won eight matches and lost three. His brother, Richard Callin, plays number one followed by Tony Cossa, Buddy Joe Petty, Joe Edwards, Dave Reed, John Quinn, and Jon Patterson.

All the teams are stronger this year in the CCAA conference. Los Angeles State and San Diego are expected to defeat the defending champion, Fresno State. Cal Poly has won three matches, lost two, and hopes to have a 500 season.

Tennis

The Mustang Tennis team, coached by Ed Jorgensen has hopes of placing high in the conference race and also a possibility of taking the title.

The team, up to date, is undefeated. Among the present victims are Long Beach State, Los Angeles State and Fresno State. Possibly the toughest opponent will be San Diego State.

Additions of players, who have improved the team include Pete Edwards, formerly of San Jose City College, and Mike Moore, a freshman, who comes from Eureka High School.

Returning lettermen from last year are Don Lord, Tom Darnell and John Sanford. Other members are Gary Longanecher, Tom Lindham and Ken Belden.

Wrestling

Hosts for the Eleventh Annual Pacific Coast Intercollegiate Wrestling Tournament, Cal Poly's matmen enjoyed a fine season under Coach Sheldon Harden with a 10 win and 5 loss record.

After completing the regular season with victories over San Jose State, U.C.L.A., and Stanford, the Poly grapplers played host to 21 colleges and universities as the PCL's were presented in the new men's gymnasium.

Three Mustangs were able to place in the PCL with heavy-weight Pat Lovell taking all honors for the second time in three years. Jim Root, 130-pounder, grabbed fourth in his division. Also placing fourth was Ben Paz in the 167-pound class.

Defending champion Oregon State walked off with top honors of the PCL followed by Washington State, Portland State, Oregon College of Education, and Cal Poly.

Pat Lovell not only won the big one in the PCL, but he was elected team captain for the Mustangs, had a 7-1 record, won the Cal Poly High Point Trophy, and also the Outstanding Wrestling Award.

The fastest fall trophy went to 191-pounder Ken Roberts who had an unblemished 7-0 record.

Other outstanding matmen and their records were: Howard Bryant 7-1, Frank Garcia 11-3, Jim Root 10-5, Henry Lomax 8-3, Ben Paz 11-4, G. W. Wingo 6-2, Ken Gardiner 3-4, and Dave Dickson 1-9.

Varsity Basketball

As the 1960 CCAA basketball season opened, Cal Poly's Mustangs loomed as top contenders for the title. But as the season progressed the Mustangs were found in the cellar after some close one and two-point losses. The second round of league play proved quite different as Jorgensen's squad bounced back to beat San Diego State, Long Beach State, and Fresno State. Fresno won the CCAA despite the loss.

Two contests between Los Angeles State and Cal Poly saw the highest scoring of the CCAA as Poly won 111-106 and lost 106-108 in a double-overtime thriller at L. A.

Pre-league action saw the Mustangs travel to the Redlands Tournament where they won one game while losing a pair. A tour to the East followed with the team flying to New York City, Buffalo, Ohio, and returning by way of Idaho. On this trip their record was 4 wins, 1 loss.

Coach Ed Jorgensen used a two-platoon system many times during the year with the number one unit composed of Joe Rycraw, Malcolm McCormick, Rally Rounsaville, Jim Clark, and Vic DiGiovanni. Another frequent starter was Jerry Shackelford.

Joe Rycraw was the big man for the Mustangs doing everything but selling popcorn in the stands. Joe led the team in total points (348), points per game (14.5), rebounds per game (12.1), and high single scoring effort (27 against L. A. State).

Others and their averages were: McCormick 11.2, Rounsaville 9.4, Clark 9.0, Shackelford 8.7, DiGiovanni 8.1.

The Mustangs averaged as a team 74.3 points while their opponents scored 70.6.

With only two starters leaving, Coach Jorgensen will be looking forward to having a ball club that will be a threat to the CCAA crown.

J.V. Basketball

Paced by the scoring of Bill Clemo, Larry Larson, Mike Nichols, and Bill Lawson, Cal Poly's first Frosh basketball squad amassed 14 victories while losing nine.

This squad was a tall one with the average height being around 6'2". After some tough breaks and close ball games that added quite a few gray hairs to the young coach Bob Thetford, senior P. E. major, the Colts fielded a fine team that scored victories over Taft J. C., Fresno State Frosh, Westmont Frosh, and the Santa Barbara Frosh.

With the valuable experience gained by these cagers, varsity coach Ed Jorgensen will be looking forward to having them on the 1960-61 squad.

Other team members included: Glenn Cooper, Bill Rice, Gary Law, Pete Edwards, and Walt Harris.

Varsity Swimming

The 1960 Mustang swimming team, coached by Dick Anderson, is undefeated in league play, and is favorite to win the conference title.

Records that have been broken up to date are 100 and 200 yard back stroke, the 400 yard medley relay, 1500 meter, and the 100 and 200 yard butterfly.

I'll race you to the other end of the pool.

The butterfly from the deep.

Faye Clausen, PCI championship queen, holds the prized trophy which wrestling teams from Chico State, Washington State, Oregon State, and Cal Poly vied for.

The Clarence Brown Award is presented each year to the outstanding athlete in each sport. Winners and coaches are shown here with Stan Gerrie, manager of Clarence Brown Jewelers. Left to right: Richard Anderson, Thomas Lee, Ed Jorgensen, Gene Lenz, William Hicks, Freddie Martin, Bob Thetford, Tom Hall, Vic Hall, John Allen, Sheldon Harden, and Stan Gerrie.

"What will I do if the straps break?"

The gymnastics team, coached by Major Plath and Dr. Glenn Noble, has defeated San Diego State in their only dual match this year.

Herman Farlough, a senior and All-American team member, who placed second in the rope climb at the PCI, placed third in the same event at the UCLA Individual Invitational Meet. John Sewell, an all around athletic performer, placed second on the side horse at the UCLA Meet. Kittridge Burton, a senior and defending CCAA champion, was successful on the parallel bars at the same meet. Other members of the team are Dalton Sherwood and Charles Cox.

The team will compete in the CCAA tournament, and hopes are high for victories in the rope climb, parallel bars and side horse.

"Is he pulling the magic rope trick?"

CROSS COUNTRY TEAM: Front row, left to right: Louis Rodriguez, Cody Evans, Edgar Chavez. Row two: Don Lee, Coach Jim Jensen, Jack Wofford.

Cal Poly's Cross Country team had a very fine season with some of the best runners competing in the events for them. With Don Lee and Jack Wofford carrying the squad to victory, the Mustang spikers trotted to many victories. They attended many invitational meets and were running very well in the CCAA conference. Other team members were Louis Rodriguez, Cody Evans, and Edgar Chavez.

Third row: Walt Williamson, coach, Don Whitefield, Steve Salter, Vic Hall, Bill Armerdamm, Frank Carroll, Larry Richer, coach.

Track

In contention for the CCAA championship, the 1960 Cal Poly track squad fielded some of the finest prospects that have been at the school in many years. The first Frosh track team in Poly's history got its initial start this year also.

Vic Hall turned in some of the season's best marks while running in the 100, 200, and 440 yard events. Vic is an Olympics prospect along with Ingo Hallsteinsson, from Iceland, who heaved the javelin for Poly.

In the 440, 880, and one mile relay Dennis Hester had the distinction of being the Mustangs' top man. In the field of high-jumping and broad-jumping along with the 100 yard dash it was Art Wilson who carried the torch for Poly. Jack Wofford was one of the squad's best distance men and he competed in the two-mile run.

Vic Hall, Cal Poly's Olympic hopeful, starred in the 100, 220, and 440 events.

Row one: Richard Simmons, Jim Harper, Willis Hill, Jim Taylor. Row two: Jim Newkirk, Ken Eaglinson, Jerry Johnson, Chuck Giordano. Row three: Wayne Sorenson, Al Warmich, Bob Williams, Ted Tollner, Coach Bill Hicks.

Baseball

The season started slow for the Cal Poly 1960 baseball squad but as the second half of league play began the Mustangs began to roll up their victories.

Fresno State, the University of California at Santa Barbara, and league-leading Los Angeles State were downed by the rejuvenated Mustang nine. These wins boosted their record to 10 wins and 17 defeats.

Among some of Cal Poly's tougher opponents that were defeated outside of league play included San Jose State, the University of San Francisco, UCLA, and the University of Southern California. Regular starters for Coach Hicks' on the diamond were Jim Harper 2B, Wayne Sorenson CF, Rich Simmons LF, Bob Williams 1B, Jim Taylor 3B, Chuck Giordano RF, Rally Rounsaville SS, and Jerry Johnson C. Mustang pitchers were Jim Newkirk, All-CCAA; Ted Tollner, and Rod Atnip.

Coach William Hicks saw his third season as Cal Poly's baseball mentor.

POLY MEMORIES

When the Bishop's mitre glows in royal splendor,
And the twilight turns the hill to royal blue,
In the west the skies ablaze with streaks of amber,
And the chimes ring out in tones so clear and true.

Yes, it's then I feel the magic of the campus,
And the mem'ries made will haunt you thru and thru.
There's no college in the world like old Cal Poly,
For the friendships here are lasting and they're true!

As the sun recedes behind those old volcanoes,
And the Valley of the Bear slips from our view.
As the lights come sparkling over all the campus,
Then we know how much Cal Poly means to you!

—H. P. Davidson

Thanks

Kay Johnson — for sending me to my classes, and for working so hard to meet our deadlines. You've been a valuable associate editor and fun to work with.

Sherrie Keller — for taking on any and all stray, unwanted jobs and for seeing the deadlines through to the exhausting end. Good luck as editor of El Rodeo 1961.

Silver Spigot — for the "tranquilizers" which also helped me get through the bind of deadlines.

Ken Seikel — for setting up the "tranquilizers" and for doing the "troublesome" darkroom jobs such as printing up the queen pages. Thanks, also, for cleaning up the darkroom after my work parties.

Pat Fitzpatrick — for doing her job as administration and faculty editor like a former editor-in-chief should.

Bill Rice — for helping to keep the office clean by taking all of the extra pictures of pretty girls, and for coming through as a real working sports editor.

Karen White — for helping initiate the mass production of club pictures. It saved us all a lot of headaches.

Burt Turney and Mickey Dunlap — for the senior pictures and for the picture of my dog (page 37). Her dog house is a 1953 black Mercury Monterey that I am obliged to chauffeur.

David Wang — for sharing his dinners with me when I worked nights on El Rodeo and for designing the cover of El Rodeo 1960.

Steve Ryan — for doing all of those last minute photography chores and for printing pictures with contrast.

Mr. Healey — for loaning me his keys to the darkroom and supply room for the hundredth time.

Mr. Nicholas — for being such a good advisor. You gave praise when we were depressed and gave suggestions when they were asked for.

Lois Roberts — for her many hours of devotion to duty. (That's the way to get an A.)

Pam Lettow — for being number one telephone girl. You must have made at least seventy calls to get the dorm pictures taken.

Dave Brown — for joining the staff at the eleventh hour. You were a great help. We sure could have used your get-up-and-go last fall.

El Corral — for the lemon cokes. Sometimes that was all that kept me going.

Dan Lawson — for never using AgEd 215 as a conference room. The staff made good use of it.

El Mustang — for giving us all the publicity we needed to get our pictures.

The girls in the A.S.B. office — for getting the tons of mimeographing done and supplying all kinds of essential information.

The custodians — for not making a mess of all of our messes.

To all the students who turned in activity pictures — especially Luz Bustos, Richard Grieb, Ronald Hiebert, Max Howard, and Richard Chilson. Sorry, we couldn't use them all.

My staff — for getting the book on the presses. I can't thank you all but you've all been a big help. You did the boring and hard jobs as well as the easy ones and deserve more than two units a quarter.

Cal Poly student body — for making this book possible, which, in turn, makes my job possible. It's been a very valuable experience and lots of fun.

Enjoy your El Rodeo 1960. Let it be a guide for reminiscing and a resource for forgotten names and faces when reunions come around.
